STATION ANNOUNCEMENT

(Please Read Carefully)

The past season was one of the worst, in many respects, that we have yet experienced. A cold wet season retarded the growth of many varieties. Several heavy storms gave us an opportunity to observe which plants really could take a lot of punishment. Many varieties stood up well under all conditions, others failed to "take it." Regardless of growing conditions, we have harvested a good crop of fine sound roots.

Some varieties are not listed, advanced orders in the field have depleted our stocks. If you have visited our fields, we are pleased; if you have not, we cordially extend an invitation to do so any time after Aug. 15th. We are located on the Gig Harbor highway three miles south of Port Orchard and seven miles from the Harper ferry dock should you be coming from Seattle. Any time you may be in this district we would be glad to have you call on us. Our phone number is 7198, Port Orchard.

NORTHWEST grown stock is known the world over, of which there is none better. We appreciate early orders, but all orders accepted subject to any contingencies that might arise over which we have no control. No advance orders will be held after May 15th unless paid in full. On this date all unsold stock is set aside for planting.

GUARANTEE—We fully guarantee all our stock to be true to name and in good growing condition. If any variety fails to grow, or any error occurs, we stand ready to replace or refund the purchase price. ROOTS only are offered. Our stock is all root grown and never over propagated.

TERMS—We require cash with order, or 25% deposit to hold early orders, balance to be sent before shipping. **WE DO NOT SHIP C.O.D.**—This is an added expense to you and more time and work for us. All our stock is mailed on rural route and we prepay all orders over \$2.00, on smaller orders kindly send sufficient postage to cover. We accept stamps in denominations from 1c to 10c. Make all money orders and checks payable to J. E. HULIN.

SHIPMENTS—We start shipments the first week in April. Should you desire your order earlier we will pack as frost proof as possible and ship at Purchaser's risk.

REMEMBER—To always sign your name and address. If your city is zoned give your zone number. Your name is always plain if printed. WASHINGTON customers be sure to add the sales tax.
